PLEASE JOIN US

Please join us for this informational workshop on three alternative methodologies of asphalt mill and fill that are recognized and endorsed by FHWA and MODOT. Attendees can expect to gain a better understanding of alternative pavement management technologies and the tools to take full advantage of the many benefits in-place recycling has to offer. Attendees will have an opportunity to view photographs of past successful projects in each discipline. Each session will conclude with questions from the audience so please have yours ready!

As a thank you gift from our sponsors ALL ATTENDEES will have the opportunity to win a new Amazon Echo Show.
